Hi Don,

Our downtown office needs a full page size color picture of what the banner looks like. I will circulate a draft of the motion to everyone on this email before it is submitted next week. These things are pretty standard and will most likely be approved on consent within a week or two after the councilman submits the motion.

So, please send me a full page size picture of the banner at your earliest convenience.

Thanks,  
Nate

Yes. You & I are going to review the proposed Council Motion to be sure it is accurate and fully covers the entire District, then it will be adopted w/i 30 days. Make sure it includes the 6 additional banners in the Triangle area. I'll get it to you as soon as Nate gets it to me.

Note to Nate: when can we peak at the motion language? When do you think it will be acted upon?

I do not believe we will have any issues with the return of all your banners and hardware.

The most important issue at hand is the year round banner permit

Is there any progress on this?

Please let me know that you have recovered all banners and hardware. I'd like to have the City or the other banner vendors pay for any costs of damages or replacing the hardware that were removed from the poles. I'm serious. I think the City's insurance carrier or internal administrator would agree to pay our costs in view of the City's poor administration of this program. Let me know your thoughts George.

By copy of this memo, Nate at the Council Office will, I hope, let me know his thoughts too.

Hello

I've requested a status update on this issue....

Will advise when I hear back from Dekra-lite, the banner company holding the banner permit for Westchester BID.

regards

chris

Hi Chris,

I was hoping you could help us locate the banners that went missing on Sepulveda Blvd belonging to the Westchester Business Improvement District? They have been replaced with Getty and LMU banners and nobody knows where the WBID banners went. Can you help me find them?

Thanks

Nate
